

DANVERS YOUTH HOCKEY

DYH Parents,

This letter is to inform you that long time DYH board member Karen Devaney after many years of service has decided to step down from her board position. Karen's involvement in the program has included but not been limited to Executive board positions, including President.

Karen's involvement in the program has always been motivated by what would be good for the players and families of DYH. She has spent countless hours involved in different fund raising activities for the sole purpose of helping others. Many children who have gone through the program would not have had the opportunity if it were not for Karen's efforts.

The Car Raffle has been one of Karen's biggest achievements. She has Organized and run this effort for the benefit of the hockey family's of Danvers for years. Karen and her efforts have served as a back up for many families who experienced an unexpected job loss and were thinking Hockey may be outside our budget this year. We've heard directly from others that if it had not been for the car raffle their child would never have been able to play Hockey.

On behalf of the Executive Board, Board of directors, Coaches, Parents, and Players (past and present) we extend our deepest gratitude to Karen for her many efforts. And wish her well in all her future endeavors .

. Sincerely,

The Danvers Youth hockey
Executive Board
